### PROFESSIONAL SUMMARY

Motivated MSc Advanced Computer Science student specializing in Artificial Intelligence and Machine Learning. Skilled in Python, SQL, and data analysis, with hands-on experience building and evaluating deep learning image captioning models using TensorFlow, Keras, and NumPy, and deploying them behind a Flask web application. Strong foundation in regression, decision trees, model evaluation (BLEU), and algorithm design.

### EDUCATION

#### MSc Advanced Computer Science

Sep 2024 – Sep 2026 (Expected)

University of Hertfordshire, United Kingdom

#### B.Tech, Computer Science and Engineering (CSE)

Jul 2019 – Apr 2023

Vellore Institute of Technology, India

### TECHNICAL SKILLS

**Programming Languages:** Python, SQL, Java, HTML

**Machine Learning & Deep Learning:** CNNs, Neural Networks, Image Captioning, NLP, TensorFlow, Keras, Regression, Decision Trees, Model Evaluation

**Data Analysis & Visualization:** Pandas, NumPy, Matplotlib, CSV/Parquet data processing

**Web & Tools:** Flask, Git, GitHub, Jupyter Notebook, VS Code

**Core Competencies:** Data Preprocessing, Model Evaluation Metrics (BLEU), Algorithm Design, Problem Solving

### PROJECTS

#### AI-Powered Image Description System for Visually Impaired Students

[github.com/JasonSimon235/project](https://github.com/JasonSimon235/project)

Python, TensorFlow, Keras, CNN, Flask

- Developed an end-to-end deep learning image captioning system using Convolutional Neural Networks (CNN) and NLP to generate natural-language image descriptions, improving accessibility for visually impaired students.
- Built a complete evaluation pipeline computing BLEU scores across generated captions, with automated analysis scripts for caption length, score distribution, and zero-score filtering.
- Engineered data ingestion scripts to convert Parquet datasets to CSV and extract images for model training.
- Deployed the model behind a Flask backend with an HTML frontend, enabling users to upload images and receive generated captions.

### LANGUAGES

**English:** Fluent | **Telugu:** Native | **Hindi:** Intermediate
